The Mission

It is the mission of the Gary Paxton Industrial Park Board and management, by direction of the Sitka Assembly, to strategically develop the park in a fiscally responsible manner that maximizes its economic benefit to the community through creation of meaningful jobs in conformance with established community plans and policies.

**Gary Paxton Industrial Park – Board of Directors Meeting
January 12th, 2023 3:00 pm
Room 6, Centennial Hall**

A. CALL TO ORDER: The Chair, Scott Wagner, called the meeting to order at 3:04 pm

B. ROLL CALL

Members Present: Scott Wagner, Mike Johnson, Lauren Mitchell, Casey Campbell, Chad Goeden

Members Absent: None

Staff Present: Garry White

City Representatives: Chris Ystad, John Leach, Michael Harmon, Brian Hanson

Others Present: Members of the public

C. Review of Minutes – November 21st, 2022

Motion: M/S Mitchell/Campbell to approve the minutes of November 21st, 2022

Action: Motion Passed 5/0 on a voice vote

D. Correspondence & Other Information- None

E. Changes/Additions/ Deletions to Agenda- None

F. Reports –

Mr. White discussed the upcoming cruise ship schedule for the GPIIP Dock. 14 Port of calls are currently scheduled for this summer.

Mr. Leach reported that the CBS does not intend on pursuing a Federal Raise Grant for the haul out development this year. Debriefs of last year's Raise Grant Application does not lead the CBS to believe they will be successful in obtaining a grant until more detailed development costs and concepts are better developed. Additional funds for the haul out development are included in the CBS's State and Federal legislative priorities. Mr. Leach has met with both State and Federal officials to outline the need for additional funds to complete the haul out.

G. Persons to Be Heard- None

H. Unfinished Business –

1. GPIIP Port Tariff Discussion and Adjustment

Mr. White presented suggested changes to the GPIIP Port Tariff. He provided a draft GPIIP Port Tariff #5 for the boards review and consideration.

Proposed changes are as follows:

- A. Adjust dockage rates to mirror current harbor rates and to have rates adjust for new rates in FY24'.
 - A discussion was had on whether to include a 25% discount for fishing and tender vessels with fish tickets from a Sitka processing plant. The Board decided to include the discount.
- B. Create a new dockage rate for cruise passenger vessels greater than 150'. A flat fee of \$3,000 per day was implemented. The rate was based on current fees charged at other commercial cruise docks in Sitka.
- C. Adjust monthly dockage fee to mirror current harbor rates and to have rates adjust for new rates in FY24'.
- D. Adjust all wharfage rates not otherwise discussed to current FY23' amounts with an 8.3% increase for the following fiscal years.
- E. Adjust the passenger vessel fee to increase the fee to \$5 per person. The rate was based on current fees charged at other commercial cruise docks in Sitka.
- F. Create a new wharfage fee for vessel wishing to take on potable water.
 - A discussion was held on whether to set tiered rates for different amounts of water or to install a water meter system. A consensus was met to start with targeting large cruise ships and adjust rates if need be in the future.

M/S Goeden/Mitchell moved for the approval the presented GPIIP Port Tariff #5 with an adjustment to the length of cruise ships from 250' to 150' for the cruise dockage rate. The presented GPIIP Port Tariff will be adjusted to FY24' dockage rates once adjusted by CBS Assembly.

Motion Passed 5/0 on a voice vote

I. New Business-

1. GPIIP Haul Out Development Discussion

Mr. White gave an overview of the GPIIP Haul Out Development Project Charter. The document is a "living" document that outlines the project goals, scope of work, and timeline for moving the project forward. The project has been broken down into 2 phases; Phase 1 – Waterfront Development and Phase 2 – Upland Shipyard Development.

Mr. White informed the board that the CBS currently has an RFQ for project management on the street. The goal is to find a person/firm with extensive background in haul out development to move the project forward.

Mr. White asked the board to discuss different aspects of the of the waterfront infrastructure to help form the basis of design for the development. The board discussed haul out location, lift capacity, pier widths, and wash down pads.

The goal was to focus on outputs and needs of the local and regional fleets. The following criteria was found through consensus with an opinion that more research into geotechnical, environmental, and further public input could change the basis of design criteria.

- Lift size – 150 ton lift
- Haul out pier widths – 25'-32', more analysis needed.
- Washdown pads – multiple pads, currently need at least 2
- Pier location – TBD, in water and up land development costs need to be investigated to help drive the right location.

Members of the public spoke on the need for multiple wash down locations and to include more folks as stakeholders in the project.

Mr. Harmon outlined CBS Public Works plans to move development forward. Comments made by members of the public and board suggest a set design has not be identified. A project manager with expertise in haul out development will help drive the project with more detailed information.

J. Adjournment

Motion: M/S Mitchell/Campbell move to adjourn the meeting at 4:59 pm

Action: Passed (5/0) on a voice vote

February 22, 2023

MEMORANDUM

TO: GPIIP Board of Directors
FROM: Garry White, Director
SUBJECT: Gary Paxton Industrial Park (GPIP) Management Report

1. GPIIP Dock

The GPIIP Dock was open for business in 2018. GPIIP Dock revenues have increased each fiscal year. FY18 - \$689, FY19 - \$14,643, Fy20 - \$37,462, FY21- \$65,322, FY22 - \$87,340, FY23 – (11/30/22) \$27,753 **(2/7/2023)**

The GPIIP Dock received its first small cruise ship on May 17th, 2022. The ship Ocean Victory had a total of 6 ports of calls at the dock in the summer of 2022. The dock is projected to receive 14 port of calls for the 2023 summer. **(02/07/23)**

2. Marine Services Industries at the GPIIP.

On October 4th, 2022, the citizens of Sitka voted to appropriate ~\$8.18 million dollars from the Sitka Permanent Fund for the development of a haul out and shipyard at the Gary Paxton Industrial Park (GPIP).

CBS and GPIIP staff developed a GPIIP Vessel Haul Out Development Project Charter (attached) that outlines the project goals, project scope, and timeline for moving the development forward. The Charter was approved by the GPIIP Board at its November 2022 meeting.

One of the first benchmarks in the key milestones of the project is the hiring of a project management team. The CBS has selected PND Engineering as the project management team to help the community formulate a basis of design of the project. Additionally, the team will designing, engineering the project, and working closely with a construction firm to build the project. **(02/07/2023)**

3. Bulk Water

The Director continues to work with entities interested in the export of Sitka's water. **(05/06/2019)**

The CBS Assembly met on April 30th to discuss needed repairs to the Raw Water delivery infrastructure. No funding or repair plan was determined. The CBS's ability to delivery water will need to be fixed before the bulk water export venture can move forward. The Assembly directed the GPIP Director to continue to work with potential investors and exports to find a funding solution to repair the system. The CBS does not believe that the infrastructure can be repaired until the penstock is shut down and dewatered. Estimate timeframe for penstock shut down is estimated to be the fall of 2021. **(06/03/2019)**

The Director continues to receive inquiries from entities wishes to export Sitka's water. **(02/07/2023)**

4. Bottled Water

The Director continues to receive inquires for bottled water. **(02/07/2023)**

5. Blue Lake Dam Expansion Project

The Assembly has approved a MOA between the GPIP and Electric Department to allow the GPIP to charge for use of Lots 16b and 20. Rock has been stored on these lots since the Blue Lake Dam Expansion project. **(06/03/2019)**

The GPIP Director has met with the CBS Electric Director regarding leveling out the above lots for future leases or sales at the GPIP. **(03/22/2021)**

6. GPIP Dock Fuel Sales

Delta Western has received its build permit to establish a fueling operation on the GPIP Dock. The fuel tanks will be relocated from the dock itself to the uplands above the dock. **(07/03/2019)**

Delta Western has completed its fuel delivery infrastructure on the GPIP dock. **(11/12/2019)**

Delta Western is in the process of installing a second fuel tank at the GPIP for fuel delivery off the GPIP Dock. **(03/22/2021)**

7. GPIP Overall Management

CBS Administration and the GPIP Director toured the park and have talked to tenants about cleaning up various lots at the park. **(05/03/2021)**

The GPIP Director and CBS Administration has implemented a plan to remove the junk vehicle from the GPIP site and ensure that future dumping activity does not continue. **(11/30/2021)**

The GPIP Director is working on establishing a budget estimate for a GPIP Dock Crane and additional security cameras at the GPIP. **(01/25/2022)**

All junked cars have been removed from the GPIIP properties. The GPIIP Director is working on plans to provide additional site security and deterrents to future dumping of junk at the park. **(06/14/2022)**

A security structure has been built and rebuilt at the GPIIP to support cruise ships calling on the port. **(08/30/2022)**

329 Harbor Drive, Suite 212
Sitka, AK 99835
Phone: 907-747-2660

Monday, February 20th, 2023

MEMORANDUM

To: Gary Paxton Industrial Park (GPIP) Board of Directors
From: Garry White, Director
Subject: GPIP Port Tariff Discussion and Adjustments

Introduction

The GPIP Board recently discussed and recommended changes to the GPIP Port Tariff #4 at its November and January meetings. The GPIP Board's recommended changes to the GPIP Port Tariff are attached in the updated GPIP Port Tariff #5.

The GPIP Director has had discussion with the CBS Harbor Master concerning moorage discounts as approved by the GPIP and is recommending the following section of GPIP Port Tariff #5 be removed in Item 200 - Dockage:

New rates include a 25% discount for fishing and tender vessels with a fish ticket from a Sitka processing plant.

The rationale for the proposed change is the CBS Harbors are dedicated to providing moorage for local and transient vessels. The GPIP Dock is a service facility to allow vessels to conduct work on their vessels and transfer gear and products from vessel to shore and vice versus. Adding a discount for fishing and tender vessel will drive moorage traffic to the GPIP Dock, which is not the intended use of the facility.

GPIP Port Tariff

A Port Tariff is a document that contains published charges, rules, and requirements of the port, including docks and associated uplands. The Port Tariff is an implied contract that allows for rapid arrangements without the need for complicated agreements for use of the facility.

The GPIP Port is a "landlord" Port, which means that the GPIP will charge users for real estate and dock use and are responsible for maintenance, management and upkeep. The GPIP Port Tariff covers all properties of the GPIP uplands and tidelands.

Background

The GPIP Board recommended and the City and Borough of Sitka Assembly approved the first GPIP Port Tariff #1 in February 2018. The GPIP Port Tariff #1 was drafted, with input by the GPIP Director and GPIP Board, by Parrish, Blessing, & Associates Inc. (PBA), a regulatory and

economics consulting firm from Anchorage. PBA has experience in port tariff development, having worked with the Port of Alaska (formerly port of Anchorage) on its port tariff development and financial management.

The GPIIP Board discussed the need to monitor the fee schedule and to adjust if need be over time when the tariff was established. The tariff (Port Tariff #2) was adjusted in July 2018 to accommodate incidental use of the facility and to lower wharfage rates to promote more use of the facility. The tariff (Port Tariff #3) was adjusted in September 2018 to accommodate the movement and storage of fishing gear over the dock and the GPIIP uplands.

The tariff (Port Tariff #4) was adjusted in February 2022 with the following changes:

- 3% increase in Dockage Fees
- Added a Monthly Permit Fee for dockage
- Added a Terminal Operator Fee
- Added a Passenger Vessel Fee
- Adjusted the Port Security Passenger Fee
- Added a section to the Charges to Miscellaneous Service Item to set fees for use of the access ramp and upland dry dock storage fee

The entire GPIIP Port Tariff #4 can be found at the following link:

<https://www.cityofsitka.com/media/Harbor/Master%20Tariff%20No%204.pdf>

Proposed Updates to GPIIP Port Tariff #5

Based off conversations with potential future users of the facility, the GPIIP Director proposed and the GPIIP Board recommend the following adjustments to the fee schedule to the GPIIP Board.

Dockage Fees

0. Item 200 – Dockage

A. General Dockage

Item 200 sets the definitions and schedule of charges for docking or mooring a vessel to the GPIIP Dock. The current tariff fee schedule for vessels is below.

Vessel Length (feet)	DOCKAGE RATE					
	In Dollars					
	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>	<u>2024</u>	<u>2025</u>
0 – 50 feet – rate per foot	\$0.89	\$0.94	\$0.97	\$1.00	\$1.03	\$1.06
51 – 149 feet – rate per foot	\$1.12	\$1.19	\$1.23	\$1.27	\$1.31	\$1.35
150 - 199	\$445	\$472	\$486	\$501	\$516	\$531
200 - 299	\$665	\$705	\$726	\$748	\$770	\$793
300-399	\$998	\$1,028	\$1,059	\$1,091	\$1,124	\$1,158

The tariff needed to be updated as the fee schedule ran from 2018 – 2023. Fees have been revised to match current 2023 fees as listed in Tariff #4 and increased for the next two calendar years.

A. Items 251 – 255 under the Wharfage section have not been adjusted since the GPIIP Tariff was established in 2018. Fees have been updated to reflect an 8.3% increase for the next two years:

B. Item 256 – Passenger Vessel Fee

The GPIIP Board established a \$4 per person fee for passengers using the facility on commercial vessels (cruise and tourist vessels).

The GPIIP Director has discussed local passenger fees of other private docks that accommodate cruise passenger vessels and has found that fees have increased to \$5 per person in 2022.

C. Item 257 – Potable Water

The GPIIP Director has received a request to supply potable water to vessels. A fee has been added to the tariff to reflect the sale of potable water. In lieu of adding a meter and ease in operations. The Director is suggesting a flat fee of \$300 per day for water. It is estimated that ships will take less than 15,000 gallons per day due to docking limitations at GPIIP Dock.

2. Other Schedule of Charges in Tariff

The following items outlined in the Definition and Schedule of Charges have been adjusted to update tariff to show fee schedule for the next 3 years. Tariff #4 only addressed fees up until 2023. All fees are increased by 8.3% annually to match recent Assembly Harbor fee increases, except for Passenger Flat Security Fees.

- Item 210 – Loading and Unloading
- Fuel
- Powder
- Vans or Containers
- Vehicles
- Commodity

Action

- GPIIP Board approval and recommendations on the proposed adjustments to the GPIIP Port Tariff Fee Schedule #5.

General Comments:

PROJECT CHARTER

GPIP BOAT HAUL-OUT DEVELOPMENT

Problem:

Sitka's maritime industry is an important part of the community and economy that is currently being affected by lack of critical infrastructure in the community. Sitka is home to one of the largest fishing fleets in Alaska.

The existing public vessel haul out facility in Sitka, owned by Halibut Point Marine Services LLC (HPM), has been a haul out facility since the mid 1980's. The company ceased operations March 31, 2022, to pursue other business opportunities, leaving the community without an ability to haul vessels. The HPM haul out facility was a large economic driver in the community, many independent marine service providers have earned a living working on the various vessels that visit Sitka and the HPM yard. The lack of a haul out and shipyard facility in Sitka will cause the commercial vessel owners to travel to other communities for vessel work. The community will be underserved in the ability for vessels to get work done by local marine service providers, causing further job losses. Not having a local Sitka haul out will impact roughly 90 percent of the local commercial fleet, causing them to travel hundreds of miles round trip to get a haul out for necessary yearly maintenance. Thus, increasing economic hardship and an increased carbon footprint.

The City and Borough of Sitka (CBS) and community have been working on developing a haul out facility at the Gary Paxton Industrial Park (GPIP) since the property was acquired in 2000.

- 2000 –Present – legislative funding requested for development of a haul out at GPIP
- 2007 – PND Engineering provides a conceptual plan and cost estimates for haul out infrastructure between Lots 2 & 4.
- 2009 – RFP for private sector development of a haul out is released. The CBS received one proposal from a firm in Puget Sound for a 600-ton lift. Firm and the CBS could not come to terms on the proposal and investment, due to large capital requirement (~\$21 million) requested to be funded by the CBS.
- 2010 – HPM completes substantial improvements to their existing haul out facility, included the construction of 5 EPA approved wash down pads.
- 2014 – Silver Bay Seafoods proposes to construct a haul out at the GPIP properties. After months of negotiations the venture does not move forward due to multiple reasons, including lack of waterfront ownership, infrastructure funding, and having other key GPIP lots being leased to other ventures in GPIP.
- 2014 – The CBS commissions the Preliminary Screening-Level Feasibility Assessment and Planning for a Marine Center at the GPIP. Study concludes that if HPM would cease operations, the analysis indicates a moderate to strong opportunity for haul out operations at the GPIP.

- 2017 – The GPIIP Board holds a public meeting to discuss haul out concepts and considers moving forward with development an access ramp to haul vessels. PND Engineering is hired to provide conceptual designs and cost estimates for ramp development
- 2019 – HPM announces that they will be ceasing haul out operations within the next two years.
- 2020 – The CBS releases another RFP for private sector development. The RFP was structured for long term leases only. Two firms respond, the CBS selects a firm. After considering all available information, listening to public stakeholder comments, and investigating more in-depth on the financial costs to move forward with a proposal; the firm concluded that the associated costs to complete a haul would require a larger financial subsidy from the CBS. The CBS Assembly rejects the modified proposal.
- 2021 – The CBS releases another RFP for private sector development. The RFP considers selling lots to a qualified developer. A local group responds to RFP and is selected to move forward. The group suggested that it has determined that development of a haul out facility is more expensive than they originally estimated and withdraws its proposal.

Project Goal:

- Develop a 150-ton haul out facility, which has the capacity of hauling out a majority of the vessel in the Sitka Fleet.
- Plan future haul out infrastructure to haul vessels greater than 150-tons.
- Plan future haul out infrastructure via GPIIP Access ramp to haul vessels and barges for repair and refurbishment.
- Develop the GPIIP uplands into a working shipyard to support the marine services industry.
- Retain and grow local marine service sector jobs.
- Provide critical infrastructure for emergency vessel repairs.
- Reduce travel costs and emissions for vessels having to travel to other regional shipyards.

Project Scope:

The project scope is outlined in Phases due to the lack of funding to fully develop a complete haul out facility:

Phase 1: Waterfront Development (Completed December 2024):

See attached map for Waterfront Development area and lots.

1. Planning and Cost Estimates

The CBS has discussed multiple different locations on the GPIP properties for the location of haul out and shipyard infrastructure. A thorough investigation of potential locations related to various environmental factors is needed.

Conceptual design should include movement of vessels on the uplands to account for existing utilities and infrastructure. Planning efforts should include master planning for additional larger haul out infrastructure and access ramp improvements if funding becomes available. Planning phase will include working with the community via GPIP Board meetings to ensure the proposed design services the greatest amount of the Sitka fleet.

2. Vessel Haul Out Piers

Design and construction of a 150-ton vessel haul out piers that can accommodate the greatest amount of the Sitka fleet, to consider additional infrastructure to meet future trends of vessel lengths, beam, and net tonnage.

3. Wash Water Collection and Wash Down Facilities

Design and construction of wash water collection and wash down facilities. Multiple wash down locations are envisioned to prevent bottle necks in haul out operations and to allow for quick repair options.

4. Wash Water On-site Pre-Treatment Facility

Design and construction of a wash water on-site pre-treatment facility. Facility will need to accommodate multiple wash down collections sites and projected vessel traffic.

5. Line Up/Off Loading Float

Design and Construction of a lineup/off loading float. Float will need to accommodate the greatest amount of the Sitka fleet.

6. Haul Out Equipment

Haul out and shipyard operation options need to be investigated to determine if haul equipment will be purchased by the CBS or required via a haul out operational agreement that will service the greatest amount of the Sitka fleet.

Additional Scope Items for Phase 1:

- Lighting and Security
- Boat Staging Area with proper drainage (parking for up to X vessels to do work)

Phase 2: Upland Shipyard Development (Start 2025 - Completed 2027):

See attached map for Upland Shipyard Development area and lots.

1. Planning and Cost Estimates

The CBS has investigated multiple different locations on the GPIIP properties for the location of shipyard infrastructure. Planning efforts should include public use space, leased space for marine service providers, sheltered work areas, and vessel storage. Additionally, planning should consider the movement of vessel within the GPIIP and existing and needed utilities.

2. Installation of Utilities and Upland Improvements

Design and Construction of upland improvements to accommodate the movement and storage of vessel to the public and leased areas. To include power and lighting system, paving, and other site improvements to service the greatest amount of the Sitka fleet and marine service providers.

Additional Scope Items for Phase 2:

- Boat short term storage yard
- Long term storage yard
- Covered Storage (Boats and Gear)
- Power
- Fencing and Security
- Lighting
- Vendor lease space

Continued

Budget

Project Cost Breakdown

Expense Description	Amount
Design (Phase I)	\$950,000
Construction (Phase I)	\$6,000,000
Other (Travel Lift - Phase I)	\$1,230,000
Total	8,180,000

Project Funding Breakdown

Funding Description	Amount
CBS Appropriations (Phase I)	\$8,180,000
Loans (Phase I)	\$0.00
Grants (Phase I)	\$0.00
Other (Phase I)	\$0.00

Boat Yard Operator	Lease	TBD	TBD
	Total	\$8,120,000	

Project Success Metrics:

- ✓ Cost Variance: $CV(\%) = \frac{(Budgeted\ Work\ Cost)-(Actual\ Work\ Cost)}{(Budgeted\ Work\ Cost)} \times 100$
- ✓ Schedule Variance: $SV(\%) = \frac{(Budgeted\ Work\ Days)-(Actual\ Work\ Dayes)}{(Budgeted\ Work\ Days)} \times 100$
- ✓ Customer Satisfaction: $CS(\%) = \frac{(Total\ Customer\ Satisfaction\ Survey\ Points)}{(Total\ Customer\ Service\ Survey\ Questions)} \times 100$
- ✓ Alignment with Strategic Plan:
 Goal(s) and/or Objective(s): _Aligns with the Strategic Goals to improve the economy, job creation, and making Sitka more livable community.
- ✓ Alignment with other policy, strategy, plan, procedure:
 Document(s) and Goal(s)/Objective(s): This project is our top legislative priority, and the funding was a ballot proposition that passed by over 80%.
- ✓ Other Metric(s):
 Due to the overwhelming community support of this project, it is considered the top priority project within CBS.

Risk Management

Risk issue statement

Issue Statement:	Not having a local Sitka haul out will impact roughly 90 percent of the local commercial fleet, causing them to travel hundreds of miles round trip to get a haul out for necessary yearly maintenance. Thus, increasing economic hardship and an increased carbon footprint. The CBS recently had an economic Benefit Cost Analysis developed. The analysis shows that not having a local haul out option in Sitka will cost the commercial fleet almost \$15 million in increased travel costs, roughly \$2.5 million in opportunity cost of time, and over \$11 million in emissions avoided over 20 years for a total analysis of \$29 million impact when using the 3 percent discount rate for emissions. Additionally, a significant safety concern exists with vessels traveling to other communities for haul out options and no ability to haul vessel in emergency situations.
------------------	---

Initial Consequence (CoF₁) Assessment – Based on 2022 Risk Matrix (Appendix A)

Consequence Category	Score	Assumptions
Public Safety	7	Assuming if a vessel goes down, multiple lives will be lost.
Personnel Safety	1	No anticipated CBS staff travel
Compliance	1	No violation
Reliability	2	Localized inability to meet service levels
Reputation	6	Would receive national media coverage
Financial Impact	5	

Initial Likelihood (LoF₁) Assessment Results – Based on 2022 Risk Matrix

Likelihood of Occurrence	Score	Assumptions
Once in 1 years	6	Likely to happen within 5 years

Initial Risk (R₁) – Based on equation $LoF_1 \times CoF_1 = R_1$

Initial Risk Score (R ₁):	42

MEMORANDUM

To: Gary Paxton industrial Park Board of Directors (GPIP Board)

From: Garry White, Director

Subject: Silver Bay Seafoods - lot 9c lease

Introduction

Silver Bay Seafoods (SBS), a local seafood processing company, requests a short term lease of 10,000 SF of lot 9c to located six camper trailers to house temporary employees for the summer. The lease will be from March 1st – the end of September.

Background

Lot 9c was lease for the same purpose to SBS on a short-term basis the last seven summers and prior to that to Barnard Construction for temporary housing during the Blue Lake Dam Expansion Project. The lot still has water and electrical utilities available on the lot. The sewer infrastructure is available.

Property

Lot 9c is a 34,636 SF parcel of property located adjacent to lot 12a in the center of the park. SBS is looking to house 6 camper trailers and would need - 10,000 SF of property.

Last year's lease rent was \$427.46/month with a CPI adjustment in June.

Additional Information

- SBS would be responsible for all utilities, including providing sewage grinder pump if needed.

Action

- Board discussion of Silver Bay Seafoods' proposal.

MEMORANDUM

To: Gary Paxton industrial Park Board of Directors (GPIP Board)

From: Garry White, Director

Subject: Danen Vest dba Electric Adventures proposed GPIP Use and Tariff Adjustment Request

Introduction

Danen Vest dba Electric Adventures is requesting to receive approval for a tourism related business on Lot 4 of the GPIP. Additionally, Electric Adventures is requesting use of the GPIP unimproved, access ramp to launch small recreation vessels. Please see the attached proposal provided by Electric Adventures.

Electric Adventures Proposal

Electric Adventures requests for the GPIP Board to recommend approval of “Equipment Rental Services” and “Vehicle Rental Services”. Currently both uses are not permitted at the GPIP in Sitka General Code (SGC) Manufacturing/Storage Uses Tables 22.16.015-5. Per the footnotes related to GPIP of SGC 22.16.015-5, “any uses, except retail and business uses, and natural resource extraction and mining support facilities uses may be approved in accordance with Section 2.38.080. SGC 2.38.080 #5 states that the GPIP Board has general powers to “prescribe the terms under which persons and vessels may use the facilities” at the GPIP.

Additionally, Electric Adventures is proposing a month fee of \$250 for utilization of the access ramp to launch small recreation vessels.

GPIP Port Tariff Information

A Port Tariff is a document that contains published charges, rules, and requirements of the port, including docks and associated uplands. The Port Tariff is an implied contract that allows for rapid arrangements without the need for complicated agreements for use of the facility.

The GPIP Port is a “landlord” Port, which means that the GPIP will charge users for real estate and dock use and are responsible for maintenance, management and upkeep. The GPIP Port Tariff covers all properties of the GPIP uplands and tidelands.

The GPIP Port Tariff can be found at the following link:

<https://www.cityofsitka.com/media/Harbor/Master%20Tariff%20No%204.pdf>

- The GPIIP Port Tariff includes fees for Wharfage.
 - Wharfage is the charge assessed against any freight, cargo, goods placed in a transit shed or on a wharf, or passing through, over or under a wharf or Municipal Terminal; or transferred between vessels, or loaded to or unloaded from a vessel at a wharf, regardless of whether or not a wharf is used. Wharfage is solely the charge for use of wharf and does not include handling, sorting, piling of freight or charges for any other.
 - The GPIIP Port Tariff #4 includes a Passenger Vessel Fee which are charges assessed to passenger vessels using the Port of Sitka.
 - The Passenger Vessel Fee is \$4.00 per person.
 - *Port Tariff #5 is recommending a \$5 person fee.*
- The GPIIP Port Tariff includes charges for Miscellaneous Services. A fee to use the Access Ramp were put in place for anticipated vessels for haul out services.
 - The GPIIP Tariff #4 fee for the access ramp is \$1.50/foot/day.

Additional Information

- The CBS is in the process of developing a marine haul facility at the GPIIP in the areas near Lot 4. A conceptual design of the proposed haul is currently under way.
 - Any recommendations made on meeting Electric Adventures proposal should be consider a short term agreement to allow for all development concepts of a haul out facility to be considered.

Action

- GPIIP Board recommendations on potential rates and terms to accommodate Electric Adventures request.

From: Danen Vest (DBA Electric Adventures)
To: Gary Paxton Industrial Park Board of Directors
Re: Proposal for business development and special allowances
Date: 1/31/2023

We intend to develop an eco-focused tour business located within the Gary Paxton Industrial Park. This company, Electric Adventures, will be dedicated to providing environmentally, socially, and economically sustainable tourism opportunities in remote Alaska.

We plan to rent a portion of the facilities located at 4690 Sawmill Creek Road, with the remainder of the building continuing to be used for the landowner's business operations. The building would be utilized for equipment storage, rental, and outfitting. The business will offer equipment rentals for self-guided tours and guided tours on the nearby waters. Equipment to be rented include electric-assist bicycles and kayaks. Water-based tours will utilize electric-powered jet skis. Water equipment will be launched and retrieved from the service ramp located adjacent to the 4690 Sawmill Creek property.

We anticipate the company to employ seven full-time employees throughout the summer, and one full-time manager year-round. Electric Adventures will prioritize the hiring of local, Sitka-resident staff while offering competitive wages. We will offer a minimum starting wage well above the local average.

As dictated in the Sitka General Code Table 22.16.015-5 "Equipment rental services" and "Vehicle rental services", are not currently permitted within Gary Paxton Industrial Park. We would like to request that a special allowance be made to permit vehicle and equipment rentals from 4690 Sawmill Creek.

Furthermore, Electric Adventure would like to utilize the service ramp located adjacent to the 4690 Sawmill Creek property for daily operations. The access ramp would be utilized from May through September for launching small recreational vessels (e.g. kayaks and electric jet skis). To reduce the administrative burden for the electric adventure and the Harbor Department we would like to propose a flat-rate monthly fee in lieu of a head tax and dockage fee. We would like to propose a fee of \$250.00 per month for the utilization of the access ramp.

Thank you for your consideration.

Danen Vest
Electric Adventures

SECTION 1 GENERAL RULES AND REGULATIONS

ITEM 100 NOTICE TO PUBLIC

The Port of Sitka is a Non-Operating Port and is owned by the City and Borough of Sitka. This tariff is published on the City and Borough of Sitka website and is, therefore, notice to the public, shippers, consignees and carriers, that the rates, rules and charges apply to all traffic without specific notice, quotation or arrangement. **(R)**

ITEM 100 APPLICATION OF TARIFF

(a) GENERAL APPLICATION OF TARIFF:

Rates, charges, rules and regulations provided in this tariff will apply only to merchandise received at or shipped from the facilities or properties operated under the jurisdiction and control of the Port of Sitka, and specifically to City and Borough Terminals, appurtenant structures thereto and waterways under the management of the Port Director, City and Borough of Sitka. Vessel charges and assessments provided in this tariff are applicable to all vessels, self-propelled or other than self-propelled, when such vessels are provided with dockage services or other vessel services named in this tariff.

(b) TARIFF EFFECTIVE:

The rates, charges, rules and regulations named in this tariff, additions, revisions, or supplements thereto shall apply on all freight received at facilities subject to this tariff on and after revisions, or supplements, thereto. Unless otherwise specified, all transit freight received at terminals and undelivered prior to effective dates of tariff, revisions, or supplements thereto, shall be charged the rates in effect on the date such freight was received until entire lot or shipment has been withdrawn.

Except as otherwise provided in this section, the rates, rules and regulations published in other sections of this tariff apply to vessels, shippers, (and) consignees of Bulk Petroleum Products.

SECTION 1 GENERAL RULES AND REGULATIONS		
ITEM 130 <u>SHIPPERS' REQUESTS AND COMPLAINTS</u>		
<p>Shipper requests and complaints may be made by any shipper by filing a written statement with the Port Director, Port of Sitka, 329 Harbor Drive, Suite 202, Sitka, Alaska 99835</p>		
ITEM 131 <u>DEMURRAGE OR DELAYS</u>		
<p>In furnishing the service of vessel berth scheduling, no responsibility for any demurrage or delays whatsoever, on freight, will be assumed by the Port of Sitka.</p> <p>This provision is subject to Item 120(b).</p>		
ITEM 135 <u>DELAYS - NO WAIVER OF CHARGES</u>		
<p>Delays which may be occasioned in loading, unloading, receiving or delivering freight as a result of equipment failure or breakdown or of combinations, riots or strikes of any persons or arising from any other cause not reasonably within the control of the Port of Sitka, will not excuse the owners, shippers, consignees or carriers of the freight from full wharf demurrage or other terminal charges or expenses which may be incurred under conditions stated herein.</p> <p>This provision is subject to Item 12(b).</p>		
ITEM 140 <u>MANIFESTS REQUIRED OF VESSELS</u>		
<p>Masters, owners, terminal operators, agents or operators of freight vessels are required to furnish the Port of Sitka with complete copies of vessels' manifests showing names of consignees or consignors and the weights or measurements of all freight loaded or discharged at the facilities of the Port of Sitka. Such manifests must be certified as correct by an authorized official of the company and must also designate the basis weight or measurement on which ocean freight was assessed. In lieu of manifests, freight bills containing all information as required above may be accepted.</p>

SECTION 1 GENERAL RULES AND REGULATIONS		
ITEM 145 <u>CLASSIFICATION OF TRAFFIC</u>		
<p>Coastwise Trade: All traffic between West Coast ports of the United States and Alaska. Inter-Coastal Trade: All traffic between ports of the United States, other than West Coast ports, and Alaska.</p> <p>Intra-Alaska Trade: Traffic between points in Alaska.</p> <p>Foreign Trade: All traffic between ports outside the United States of Alaska.</p>		
ITEM 150 <u>BERTHING</u>		
<p>The maximum vessel sizes that can berth at the face of the dock is a 30' beam by 150' long vessel with 440 US ton displacement and a berthing velocity normal to the dock of .71 knots with existing fender system.</p> <p>Vessels over 150' up to a 100' beam by 400' long with a displacement of 22,000 US tons can be accepted at the face of dock with an approved fender system.</p>		
ITEM 150 <u>ENVIRONMENTAL PARAMETERS</u>		
<p>Tidal Currents Tidal currents for the Port generally vary from 2-4 knots. Extreme tidal currents in excess of 5 knots have been reported. Tidal current information is published and available from NOAA.</p> <p>Temperature Temperatures at the Port generally range from 62 degrees Fahrenheit in the summer to 30 degrees Fahrenheit in the winter.</p> <p style="text-align: center;">(Continued on next page)</p>

<u>WINTER USE OF THE PORT</u>		
<p>The Port is open year round. However, extreme temperatures provide a number of challenges during the winter months. Machinery including fuel systems, cooling systems, winches, anchors, ballast water systems, and other auxiliary systems must be winterized and maintained in a state for use in the extreme environment. Tug assistance aids in mitigating these conditions.</p> <p style="text-align: center;">(Continued on next page)</p>

ITEM 170 <u>BULK PETROLEUM PRODUCTS</u>		
<p>(a) APPLICATION OF TARIFF:</p> <p>Except as otherwise provided in this section, the rates, rules and regulations published in other sections of this tariff apply to vessels, shippers, and consignees of Bulk Petroleum Products.</p>		
<p>(b) CLEARING PETROLEUM LINES:</p> <p>Shippers, consignees or vessels and persons in charge thereof are responsible for providing means to assure the proper flow of products. Shippers, consignees or vessels and persons in charge thereof will be responsible for clearing all petroleum products, other liquid products, compounds, and residues from lines located on or adjacent to the Petroleum Terminal after vessel completes loading or discharging unless otherwise authorized by the Port Director. In the event the Port of Sitka performs any of the above named services, any applicable costs will be billed to shipper, consignee or vessel at cost plus 15% overhead.</p>		
<p>(c) REGULATIONS GOVERNING PETROLEUM PRODUCTS:</p> <p>The transfer of bulk petroleum products shall be governed by applicable federal, state and local laws, regulations, permits and ordinances/regulations including Port of Sitka Bulk Petroleum Transfer Procedures Manual rules.</p>		
<p>(d) HOUSEKEEPING:</p> <p>Flammable liquids leaked or spilled on wharves shall be cleaned up immediately. Vessel operators or their agents shall remove temporary lines immediately upon completion of receipt or discharge of flammable liquids. Spillage from disconnected lines shall be the responsibility of the petroleum terminal operator, vessel owner/operator and/or their agents. All spills should be reported to the Port Director and regulatory authorities immediately.</p>		
<p>(e) DEPARTURE AFTER LOADING OR DISCHARGING:</p> <p>Any vessel after having discharged or loaded any petroleum product must immediately haul away from dock, pier or wharf and depart, unless otherwise authorized by the Port Director.</p>

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

ITEM 175 DEFINITIONS – GENERAL

- (a) "AFFREIGHTMENT": A contract of affreightment is one with a ship owner to hire his ship or part of it for the carriage of goods. Such a contract generally takes the form of a charter party or bill of lading.
- (b) "BEAM" means the greatest overall width of a vessel.
- (c) "BILL OF LADING" means a document by which the master of a ship acknowledges having received in good order and condition (or the reverse) certain specified goods consigned to him by some particular shipper, and binds himself to deliver them in similar condition - unless the perils of the sea, fire, or enemies prevent him - the consignees of the shipper at the point of destination on their paying him the stipulated freight.
- (d) "BULK CARGO" means cargo that is loaded and carried in bulk without mark or count in a loose unpackaged form, having homogeneous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and is, therefore, subject to the requirements of this part.
- (e) "BUSINESS ENTITY" means a person, firm, association, organization, partnership, business trust, corporation, company, or any other business entity.
- (f) "CARLOADING OR UNLOADING" is the service performed to load cargo from wharf premises or other such terminal premises designated by the Port Director or his authorized representative to be used for such purposes, to or from railroad cars or trucks, trailers, semi-trailers from or to wharf premises or other terminal premises.
- (g) "COMMISSION" means the Federal Maritime Commission.
- (h) "CONSIGNEE" means the recipient of cargo from a shipper, individuals or business entities to whom a transported commodity is to be delivered.

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES		
<u>DEFINITIONS – GENERAL (Continued)</u>		
(q)	<p>"FOREST PRODUCTS" means forest products including, but not limited to, lumber in bundles, rough timber, ties, poles, piling, laminated beams, bundled siding, bundled plywood, bundled core stock or veneers, bundled particle or fiber boards, bundled hardwood, wood pulp in unitized bales, paper and paper board in rolls or in pallet or skid-sized sheets, liquid or granular by-products derived from pulping and papermaking, and engineered wood products.</p>	
(r)	<p>"GANGWAY" means a narrow, portable platform used as a passage by persons entering or leaving a vessel moored alongside a quay or pier.</p>	
(s)	<p>"HANDLING" is the service accorded to cargo movement from end of ship's tackle or terminal's tackle to the first place of rest on the wharf or other terminal premises designated by the Port Director or his authorized representative to be used as the first place of rest, or from such first place of rest on the wharf or other such terminal premises to a place within reach of ship's tackle or terminal's tackle.</p>	
(t)	<p>"HOLIDAYS": Whenever in this tariff reference is made to holidays the following days are included: New Year's Day, Martin Luther King Day, President's Day, Seward's Day, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving Day, Day After Thanksgiving, Christmas Day, and every other day appointed by the President of the United States of America and/or the Governor of Alaska. In the event that one of the above mentioned holidays occurs on Saturday, the previous Friday will be considered a holiday for the purpose of this tariff. In the event that one of the above mentioned holidays occurs on Sunday, the following Monday will be considered a holiday for the purpose of this tariff.</p>	
(u)	<p>"INDUSTRIAL PARK" means those parcels of real property adjacent to the Municipal Terminal which organizations with business interests at the Port may lease/rent from the Municipality.</p>	
(v)	<p>"LADDER" means a metal, wooden or rope stairway.</p>	
(w)	<p>"LOA" means the overall length of a watercraft measured from the most forward point at the Beam to the aftermost part of the stern of the watercraft, to include the motor.</p>

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

DEFINITIONS – GENERAL (Continued)

- (ff) "OVERSTOWAGE" means faulty loading, as when cargo for the second port of discharge is stowed above cargo for the first port and therefore the latter cannot be discharged at its destination.
- (gg) "POINT OF REST": Point of Rest is defined as that area on the terminal facility which is assigned for the receipt of inbound cargo from the vessel and from which inbound cargo may be delivered to the consignee and that area which is assigned for the receipt of outbound cargo from shippers for vessel loading.

Note: Issued pursuant to F.M.C., Docket 875, General Order 15.
- (hh) "PORT" means a place at which a common carrier originates or terminates (by transshipment or otherwise) its actual ocean carriage of cargo or passengers as to any particular transportation movement.
- (ii) "PORT DIRECTOR" means the Director of the Port of Sitka or the Port Director's designee.
- (jj) "PORT FACILITIES" means all docks, floats, berths, wharves, and other landing, launching, mooring, cargo or other facilities located within the Port of Sitka.
- (kk) "PORT OF SITKA" means the Port of Sitka Subdivision as defined by plat number ____, sheets, exclusive of those areas which are within the exclusive jurisdiction of either the state or the United States.

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

DEFINITIONS – GENERAL (Continued)

- (ll) "TERMINAL OPERATOR" means a person or company engaged in the United States or a commonwealth, territory, or possession thereof, in the business of furnishing wharfage, dock, warehouse or other terminal facilities or services in connection with a common carrier, or in connection with a common carrier and a water carrier subject to Subchapter II of Chapter 135 of Title 49, United States Code. A marine terminal operator includes, but is not limited to, terminals owned or operated by states and their political subdivisions; railroads who perform port terminal services not covered by their line haul rates; common carriers who perform port terminal services; and agents thereof who operate port terminal facilities.
- (mm) "TERMINAL OPERATOR PERMIT" is a permit issued by the City and Borough of Sitka for an agency/entity to perform one or more of the following marine related services or operations at the Port of Sitka: petroleum transfer operations; general cargo operations; dry bulk cargo operations; outloading of cargo from first place of rest within Port transit areas; vessel servicing; fish handling operations; and, passenger operations.
- (nn) "TRANSSHIPMENT" means the transfer of goods from the vessel stipulated in the contract of affreightment to another vessel before the place of destination has been reached.
- (oo) "VESSEL" means ships or crafts of all types, including but not limited to the following: motor ships, steam ships, canal boats, tugs, barges, sailing vessels, motor boats, and every structure adapted to be navigated from place to place for the transportation of property and persons by any means.
- (pp) "VESSEL OWNER" means the actual or registered owner, charterer, master, agent, person in navigational control or person responsible for the operation of the vessel.
- (qq) "WATERCRAFT" means any vessel, including but not limited to houseboats, floatplanes, waterborne aircraft, floats, scows, rafts, pile drivers, or any other floating structure adopted to be navigated from place to place, used for recreational, commercial, or other purpose upon the waterways within the Port or moored at any place within the Port.

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

ITEM 200 DOCKAGE

(a) DOCKAGE:

Dockage is the charge assessed to a vessel for docking at a wharf, dock, pier or other facility, or for mooring to a vessel so docked.

(b) DOCKAGE PERIOD - HOW CALCULATED:

Dockage shall commence when a vessel's first line is made fast to a wharf, pier or other facility, or when a vessel is moored to another vessel so berthed and shall continue until such vessel is completely freed from and has vacated the berth. No deductions will be made for Sundays or holidays.

(c) BASIS FOR COMPUTING CHARGES:

Dockage charges will be assessed on the length-over-all of the vessel. Length-over-all shall be construed to mean the linear distance, expressed in feet, from the most forward point of the stem of the vessel to the aftermost part of the stern of the vessel, measured parallel to the baseline of the vessel.

For dockage billing purposes, length-over-all of the vessel as published in "Lloyd's Register of Shipping" will be used. If no such figure appears in "Lloyd's Register", the Port reserves the right to: (1) obtain the length-over-all from the vessel's register, or (2) measure the vessel.

(d) VESSEL DOCKED TO REPAIR, SHORE, OUTFIT OR FUMIGATE:

Full dockage will be charged if and when a vessel is permitted to make repairs or alterations, shore for special freight, outfit, store or fumigate while docked at wharf.

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

DOCKAGE (Continued)

(e) **VESSELS REQUIRED TO OBTAIN ASSIGNMENTS/BERTHING RESERVATION:**

No vessel will be permitted to berth at a wharf or terminal facility of the without having first made written application for a berth assignment and without such an assignment having been granted. Berthing Applications are available from the Port of Sitka offices.

Application of berth assignments must be made as far in advance of the arrival of vessel as possible and must specify arrival and departure dates and the nature and quantity of the freight to be loaded or discharged.

(f) **BERTHING POLICY/BERTHING RESERVATION:**

A Terminal Operator Permittee may secure reserved dock space under the following conditions:

- (1) Provide the Port with a fully completed Berthing Application indicating berth and desired, scheduled dockside activities/services needed and timeframes/date(s) requested.
- (2) Berthing Application and prepaid dockage must be received by the Port a minimum of 4 business days prior to anticipated vessel arrival. Applications will be processed on a first-come first-served basis.
- (3) Port will determine availability of berth, services, etc., and dates requested. Should berthing schedule conflicts be found between berthing applicants, the Port shall mediate a resolution which will attempt to minimize negative impacts on both (or all) parties?
- (4) Full dockage fees will be paid to the Port at the time of application for berthing reservation Prepaid dockage fees will be non-refundable unless a written cancellation is received by the Port a minimum of 24 hours prior to scheduled vessel arrival.

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

DOCKAGE (Continued)

(5) When space is available, vessels with approved reservations may have a 24-hour grace window on either side of scheduled call/stay provided no other reservations have been received.

(6) Vessels that dock at berths without prior berthing application approvals do not have berthing privileges or priority and shall complete a berthing application immediately after docking.

(g) **VESSELS REQUIRED TO VACATE BERTHS:**

Vessels may occupy a berth, subject to charges named in Item 200, Section (j), providing such vessel shall vacate the berth upon demand by the Port Director or his authorized representative. Vessels refusing to vacate berth on demand may be moved by tug or otherwise, and any expenses or damages to vessel, other vessels or wharf structures during such removal shall be charged to the vessel so moved.

(h) **CHARGES ON VESSEL SHIFTING:**

When a vessel is shifted directly from one wharf (berth) to another wharf (berth) owned by the Port of Sitka, the total time at such berths will be considered together in computing the dockage charge.

(i) **CHARGES TO ASSISTING VESSELS:**

A single vessel, when actively engaged as a tug boat, assisting and made fast outboard of a vessel loading or discharging cargo, will be accorded free dockage. A tug boat leaving its tended vessel for any purpose shall waive its right to free dockage for the period of berthing it left its tended vessel until it secures back to its tended vessel.

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

Note 1: Dockage is assessed as follows:

- a. Incidental Use of the Dock – Vessels 0 - 200 feet = \$35/hour for up to 4 hours. **(+)**
- b. Over 4 hours, and not more than 24 hours, shall be charged one full day's dockage.
- c. Vessels over 200 feet shall be charged one full day's dockage for incidental use.

(k) MONTHLY DOCKAGE RATES:

Vessels employed solely in the business of providing tug service to vessels calling at the Port may make application to the Port Director for monthly dockage rates.

4

Vessels accorded the monthly rate shall not be deemed to have been given any preferential berthing right and shall vacate any particular berth when ordered to do so by the Port Director.

The monthly agreement may be revoked by the Port Director and terminated by the operator upon five days written notice.

- a. Monthly permits (30 days) **(R)**
 \$22.98 per foot of overall length up to 150'
 \$34.46 per foot of overall length up for 151' and up

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

ITEM 212 FREE TIME

- (a) **DEFINITION:**
The specified period during which cargo may occupy space assigned to it on Terminal property, free of wharfage, demurrage or terminal storage charges, immediately prior to the loading, or subsequent to the discharge, of such cargo on or off the vessel.

- (b) **COMPUTING FREE TIME:**
Free time starts the first 12:00 am after cargo is received or unloaded onto wharf from car or truck, or, in the case of cargo received from vessel, the first 12:00 am after completion of the vessel's discharge. On outbound traffic, the day or days vessel is loading are not included in the computation. On inbound traffic from vessel, delivery of which is made after the allotted free time period, the day freight is loaded out or delivered to truck or car is to be included in the computation as a storage day.

When freight is transshipped between deep sea vessels and involves application of both a long and short time period, the longer period shall be allowed, but not the aggregate of any two free time periods.

- (c) **FREE TIME PERIOD:**
Free time of three (3) days will be allowed on all inbound traffic. Free time of three (3) days will be allowed on all outbound cargo. Subject to the discretion of the Port Director.

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

ITEM 215 TERMINAL OPERATOR PERMIT

- (a) **TERMINAL OPERATOR PERMITS:**
 The services set forth in Item 215, Section (b) shall be provided by independent agents at the Port of Sitka under Terminal Operator Permits issued by the Sitka Port Commission. These permits are available to any qualified agent desiring to provide terminal services at the Port of Sitka and required by the Port of Sitka.
- A current list of the Terminal Operator Permit Holders operation at the Port of Sitka is on file at the Port of Sitka and available upon request.
- Permit fee: \$150 annually **(A)**

ITEM 220 MINIMUM CHARGES

Except as otherwise provided herein, where named services are performed, the minimum charge for any single shipment shall be:

Wharfage: \$35.00

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES

ITEM 222 PORT LABOR

- (a) **SUBJECT TO CHANGE:**
 The rates named in this tariff, revisions or supplements thereto, are based upon ordinary traffic and labor conditions. If and when these conditions change because of demand of labor for increased wages, strikes, congestions or other causes not reasonably within the control of the Port of Sitka, resulting in an increased cost of service, the rates are subject to change without notice.

- (b) **OVERTIME:**
 Overtime work performed on Saturdays, Sundays, or Holidays or after 5:00 P.M., or before 8:00 A.M., Mondays through Fridays, or during meal periods as shown below:

06:00 A.M.	to	07:00 A.M.
12:00 Noon	to	01:00 P.M.
06:00 P.M.	to	07:00 P.M.

- (c) **STANDBY TIME:**
 Except as otherwise provided, when the Port of Sitka is required to order labor for a specific service, and through no fault or inability of the Port of Sitka, the work or service is not commenced, causing standby time to accrue, or when work or service after commencement is delayed through no fault of the Port of Sitka for periods of fifteen consecutive minutes or more, current man-hour rates or agent's actual labor rates, plus 15% will be assessed against the part for whom labor was ordered. In computing cost of man-hour time, less than 15 minutes will be considered no delay, but time of 15 minutes or more will be considered delay time and charges computed from cessation of work until resumption of work will be assessed in units of 15 minutes, except that no charge will be made for the final 15 minutes if work commences within the first seven minutes of such period.

- (d) **MINIMUM LABOR HOURS:**
 When the Port of Sitka is required to furnish labor for a specific service and such service is completed before the expiration of the minimum time allowed under current labor working agreements and awards, the labor charges accruing after the specific service is completed and until the end of the minimum time allowed will be assessed at current man-hour rates plus 15% overhead.

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES		
<u>PORT LABOR (Continued)</u>		
<p>(e) RATES APPLY WHEN NOT OTHERWISE PROVIDED: When services are performed by the Port of Sitka, its employees or agents, for which no specific rates are set forth in this tariff, or when reference is made to this item, charges for such services shall be at current man-hour rates, or agent's actual labor rates, plus 15% overhead, and the charge for any equipment used as set forth in Item 205. Charge for materials furnished in connection with said services will be assessed at actual cost to the Port of Sitka, plus 15%.</p>		
<p>(f) LINE HANDLING: The Port of Sitka does not perform the services of line handling. Such service is arranged by and is for the account of the agents of the vessel or stevedore company handling the vessel.</p>		
<p>(g) LONGSHORE MAN•HOUR RATES: Man-hour rates for longshore work are available from holders of valid stevedore companies.</p>

SECTION 2 DEFINITIONS AND SCHEDULE OF CHARGES		

ITEM 250 WHARFAGE

(a) Wharfage is the charge assessed against any freight, cargo, goods placed in a transit shed or on a wharf, or passing through, over or under a wharf or Municipal Terminal; or transferred between vessels, or loaded to or unloaded from a vessel at a wharf, regardless of whether or not a wharf is used. Wharfage is solely the charge for use of wharf and does not include handling, sorting, piling of freight or charges for any other

(b) **APPLICATION:**
 Wharfage rates named in this tariff will be charged for all merchandise received over the Municipal Docks or Municipal Terminal of the Port of Sitka and will be in addition to all other charges made under provisions of this tariff, EXCEPT:

No wharfage shall be charged to ship's gear, such as strongbacks, lines, hatch covers, walking boards, etc., placed on wharf during unloading operations. Fuel handled over wharf will not be considered as ship's stores and will be subject to wharfage and other charges that may be incurred.

No wharfage shall be charged for fishing gear and consumables under 30 square feet in area for vessels that fish for local processors. **(A)**
